MEMORANDUM FOR: FE Division

25X1A9a

ATTENTION:

SUBJECT:

25X1A9a

1. [REDACTED] informed me that he was being transferred from the Pentagon to a tour of duty in [REDACTED] leaving the West Coast about 8 May. [REDACTED] said he would like to be of such assistance as his position might enable him to afford. While he is an Ordnance Officer, his main experience has been in Provost Marshal and G-2. I know him very slightly and met him through General Francis E. Howard, who was, I believe, well-known to the [REDACTED] when he was Provost Marshal there a couple of years ago. General Howard is a cousin of my wife, and I met the [REDACTED] through him socially.

2. [REDACTED] plans to take his wife to [REDACTED] where she hopes to get employment. The Office of Personnel has already started processing [REDACTED] application with the idea that she be picked up as a contract employee on arrival in [REDACTED]

3. I hardly know [REDACTED] well enough to characterize him, but he seems pleasant and energetic. He recently told me that he did not know what his assignment would be on arrival in [REDACTED] although he assumed it would be either in the Provost Marshal or G-2 areas. He said that as he knew the Commanding Officer to whom he would report, he might be able to influence whether his assignment were to Provost Marshal work or intelligence, if we had any preference. I said I doubted if we would want to intervene

but would let him know if we would like him to seek any particular position.

4. If you have any thoughts in this respect, please let me know, otherwise we will let Army channels take the normal course.
